

Attachment 11A: Site Plans

The Site Plan is presented in two forms:

- 1) printed on 11"x17" sheets, and
- 2) printed on full size 24"x36" sheets.

While the smaller 11"x17" sheets make review of the project much easier, the scale on sheets C2.0 through C4.24 is not completely accurate when printed on 11"x17" sheets. Therefore, full size copies of these sheets are also included for use where accurate scale is required. The scale is correct at 11"x17" for sheets C0.00, C1.00, and C1.01.
